Dear Sir:

Upon reviewing the Certificate of Correction granted on April 4, 2006, in the above-identified patent, Patentee noted a typographical error which should be corrected.

In the Request for Certificate of Correction filed on February 3, 2006 Patentees identified a typographical error in claim 10, column 6, line 12. Line 12 read as shown below:

“of the first modem pair of the plurality of **modern** pairs to receive the first DMT”
(Emphasis added)

As noted in Patentees’ original Request for Certificate of Correction, in the Examiner’s Amendment found on page 2, lines 20-21 of the Notice of Allowability reads in part “and lines 12 & 24: “modem pair” have been changed to “the first” and “modem pair of the plurality of modem pairs” respectively.”

Accordingly, in Patentees earlier Request for Certificate of Correction, Patentees requested that claim 10, column 6, line 12 be corrected to read as shown in the Examiner’s Amendment:

“of the first modem pair of the plurality of **modem** pairs to receive the first DMT”
(Emphasis added)

Patentees request that the above-identified error, which was not corrected in the Certificate of Correction granted on April 4, 2006, be corrected by a second Certificate of Correction.

The error identified herein was not in the application as filed by Patentees; and no such amendments were made by either the Examiner or by Patentee to effect such change.

Patentees respectfully submit that, since the error for which a Certificate of Correction is sought was the result of Patent Office mistake, no fee is due. However, if the Examiner deems a fee necessary, the fee may be charged to the account of the undersigned, Deposit Account No. 23/2825.

Transmitted herewith is a proposed Certificate of Correction effecting such amendment. Patentees respectfully solicit the granting of the requested Certificate of Correction.

Dated: July 26, 2007

Respectfully submitted,

By:
